Efforts are being made to reorganize the Donner Trails Association, a valuable movement which directly concerns everyone along the route once followed by the famous Donner Party. It is the purpose of the organization, headed by a few earnest workers, to promote travel over U.S. Highway 40 and make his east-west route even more enhancing for the thousands of tourists who come to California annually. The association's program, properly directed and executed, has much merit and is worthy of unanimous support from this area.

It is certainly an unfortunate circumstance which prevents us as a community from keeping our main thoroughfare more tidy. Our multiple boards contend—and, no doubt, justly—that they are unable financially to do anything about policing the streets because of more pressing obligations or limited authority. This is not the first time we have complained of the matter and it may not be the last, but even after nearly five years of trying to get the important job assumed, we are at a dead end. Probably incorporation would solve the problem, but we are also stopped there.

A drive around Lake Tahoe will bring about the convincing conclusion that that wonderful vacation land is becoming more than ever the most desired spot in the land. Nature certainly did a swell job there and the resort managers are taking full advantage of what Nature has provided for vacationists—the best obtainable.

## Improvement Work Goes On At Donner Resort

Continued improvements are going forward at the Donner Lake Resort which was recently sold to Louis B. Budo, O. A. Osmundsen and M. V. Stokes, Oakland men, who are planning extensive developments, subdivisions and modernization of the popular site.

Already the old buildings at the resort have been renovated and the interiors redecorated. The office has been moved to the entrance of the resort proper and other conveniences are being added for the patrons. A fence now encloses the playground fronting the lake and trees will be planted to further beautify the spot.

Budo and Osmundsen, who are in charge of the resort, have worked diligently to make the restaurant and other appointments more attractive. As time permits they will enlarge and further improve the 2200 acres included in the site.

#### 221 CAST BALLOTS

### Mrs. Bryant Again Assured Of Clerkship On Board

In one of the most spirited school elections ever held in Truckee, Mrs. Dan D. Smith, incumbent clerk of the grammar school board, was returned to office by defeating Mrs. Bert T. Weeden, 145 to 70.

William F. Wilkie, Jr., defeated the incumbent candidate, Mrs. Estelle R. Thomas, for a position on the high school board by a vote of 167 to 50, according to the unofficial returns.

Although the polls were open only between 2 and 6 p.m., 221 Truckee voters turned out to cast their ballot in the hotly contested election.

The boards will be reorganized at the next regular meeting and it was strongly indicated that Mrs. Lotta Bryant would be returned as secretary of the high school board with Vernon Pearson as president, N. F. Dolley will likely be renamed president of the grammar school board.

### Flying Group of Nevada Honored At Breakfast By Lions Club Members

As a gesture of good will, nearly a score of members of Sierra Flying Club of Reno and Sparks flew to Truckee Sunday morning to be the guests of the Truckee Lions Club at breakfast held at the Capitol Hall and arranged by W. M. Englehart, Jr., president of the local club and also a flyer.

Twenty-one members of the Lions and their ladies and guests gathered at the airport to watch the arrival of the visitors and to escort them to Truckee. A spirit of good fellowship prevailed and Mayor August C. Frohlich of Reno extended greetings from that city.

Entertainment was provided by Jake Watts and son, Jerry, the latter only three years old, who sang and played cowboy songs. Watts is a radio entertainer.

Attending from the flying club were Jessie Christensen, Ben Bowles, Cliff Hanson, Polly Hanson, Virgil Smith, John Games, Myron Frank, Jay Freeman, C. H. McElfish, Phil C. Salzman, Marie Salzman, Florence Waltz, George Waltz, Lois Le Claire, Lois Brooks and Kirk Toney. Ted Merrill flew over but was forced to return immediately to Reno.

### S. F. School Kids Begin Long Vacation in Week

SAN FRANCISCO, June 12—RNS—One hundred and thirty thousand San Francisco children will be unloosed upon the region at the end of the week and for the first time in history, they will stay loose until the day after Labor Day.

Resort interests and kids see eye to eye on this new extension of the San Francisco school vacation, which permits the youngsters to stay in the resort areas until the natural conclusion of the summer period. Formerly their parents had to haul them back to school before Labor Day.

### BOARD FAILS TO ACT ON OUSTER PETITION AIMED AT PRINCIPAL

Because of the tenure act and other circumstances beyond their control, the trustees of the Truckee Grammar School did not take official action upon a petition signed by 26 parents of children in the grammar school asking that Principal P. R. Nelson be ousted immediately.

The principal, whose retirement is expected to become effective next year, denied charges that he was not competent to teach and manage the school. It was indicated that his health has hindered him from giving more attention to the required work.

The charges were made and denied at a special meeting of the board held Thursday night and presided over by N. F. Dolley, president of the board. Twenty-eight parents attended the session and many urged action by the board, some even indicating that they would not permit their children to return to school next term unless Nelson was replaced.

Dolley declared that while the board could take no action upon the petition and verbal requests, it was the plan of the group to budget for a third teacher this year and if possible to employ a man to assist Nelson in the task of teaching and supervising the 53 young pupils.

### Graduation Speaker Says Spiritual Development is Needed in Modern World

Professor S. M. Barooshian of the Placer Junior College told members of the graduating class of Meadow Lake Union High School and the large audience of relatives and friends of the four young people that the future hopes for the world lies in more emphasis on the spiritual side of life than with the selfish mercenary attitude which has prevailed.

His talk, delivered in a forceful manner, was a direct challenge to the youth of the country and he urged them to assume the responsibilities with a spirit of tolerance rather than with a mind to achieve a selfish goal. He blamed the world's troubles today upon past teaching devoid of spiritual accomplishment.

Diplomas were presented to Kieth Weeden, Betty Beryl Pearson, Lee Hunsinger and Rosie Petroni by V. E. Pearson, president of the high school board of trustees. The invocation and benediction were given by Rev. G. J. E. Keetch and the music for the march was played by Miss Verna Pearson. All four of the class gave brief, impressive talks. Principal G. E. Hofmann was presented with a gift from the graduates for his efforts in their behalf.

During the evening Miss Yvonne Joseph pleased with two violin solos accompanied by Mrs. Lotta Bryant.

Following the ceremonies a dance was held at the Veterans Memorial Hall where an excellent orchestra provided music for the young people and their friends. Kieth Weeden was in charge of the dance arrangements and is entitled to much credit.

by MADELINE GALLERANI  
KINGS BEACH, June 12.—The Universal Studios of Hollywood are on location at Incline Beach, Lake Tahoe, this week filming scenes for "This Woman is Mine", a Frank Lloyd production adapted from the novel "I, James Lewis", by Gil Gabriel. The title is tentative.

The story centers on the Lewis and Clark expedition into the Northwest. Lake Tahoe representing the mouth of the Columbia River. A stockade has been erected for the company to depict the fort at Astoria, Ore.

Starting for the first time in a movie is Carol Bruce, lately of the Broadway hit "Louisiana Purchase". The magnificence of snow on the mountains is the thing that seemed to impress her the most.

Playing the masculine lead is Franchot Tone. In the supporting class are Walter Brennan, Nigel Bruce, John Carroll and Chief Yowladie, a full-blooded Yakima.

## Liquor Still Is Found At Lake; Bohme Arraigned

### Complete 25-Gallon Still is Wrecked by Officers Last Week

Harry Bohme, 34, Tahoe Vista, was arraigned before United States Commissioner Adellia McCabe in Sacramento this week on a charge of possessing a 25-gallon illicit liquor still and with having 12 gallons of untaxed whiskey in his possession. He was released on \$2500 bail and ordered to appear again on Friday morning.

Raiding officers from the offices of George M. Stout and J. A. Maloney, state and federal control officials, arrested Bohme last Friday afternoon and Saturday morning destroyed the still and contents.

According to the officers, Bohme admitted operating the still for the past two years in a small building adjoining his home. A quantity of cracked corn, sugar and other necessary supplies, including flavoring and coloring, were found in the compact distillery.

Bohme told the officers he was manufacturing the liquor for his own use, but officers were doubtful of his story.

This Week

## At the Legislature

with Allen G. Thurman  
6th. District Assemblyman

We are seated at our desk in the assembly chamber as we write these lines Sunday while the business of the house is proceeding slowly under a stopped clock. Saturday was the last day on which bills originating in the assembly could be considered by that house. This week each house can consider only bills originating in the opposite house. The senate can only consider assembly bills while the lower house can consider only senate bills. Any change in this procedure will require a three-fourths vote of the elected members which would be 60 votes.

While we write these lines there is a small sit-down strike in progress with 12 members representing the administration refusing to vote on appropriation bills. The sit-down strike came about as the result of the action of some 33 assemblymen and 19 senators who have served notice on the administration forces that they will vote no more funds for the continuation of the State Relief Administration. This group favors the return of the administration of relief to the counties and have pledged themselves to eliminate what they call a political cancer. They favor allocating additional funds to the counties for old age

pension and other county aids. The administration members who are refusing to vote, favor the continuation of the SRA.

By the time this article appears in print the deadlock, of course, will have been broken and by Saturday or Sunday this week, the 1941 session of the legislature should adjourn sine die.

The outstanding legislative battle of last week was the fight to override the governor's veto of the hot

SACRAMENTO, June 12. —(UP)—Assemblyman M. J. Burns is a jolly Irishman from Humboldt county whose spontaneous wit has saved many a trying situation. During a particularly dull session, he rose and asked for permission to leave the chamber to visit the squirrels in the capitol park.

He sauntered outside and sure enough, walked around among the tame squirrels. Returning, he ventured the opinion some of the little animals seemed as intelligent as some of the legislators and added with a smile, "You turn a couple of squirrels loose in the assembly and they'll store up enough nuts to last the whole winter."

cargo and secondary boycott bill in the lower house. After one of the hottest legislative battles in recent years, the fight to protect agriculture was won by a vote of 54 to 26. The assembly was under a "call of the house" until 4 a.m. Friday. At 3 a.m. he vote stood 53 to 27 in favor of overriding the veto. At 4 a.m. Assemblyman Sheridan of Alameda county changed his vote of no to aye with the result the veto was overridden and SE 877 became a law.

Assembly Bill 2006 by Cain, relative to alleged water pollution by dredges which in its original form caused considerable concern to the gold mining interests, was completely rewritten and amended with the result that there is little left in the bill of a harmful nature. The bill is now in senate committee on natural resources where it will be given careful consideration and if the mining interests have any further objection to the bill, you can be assured that Senators Seawell, Mayo and Brown, all of whom are members of this committee, will see to it that the bill will either be amended or tabled.

### "I've Gone to California—"

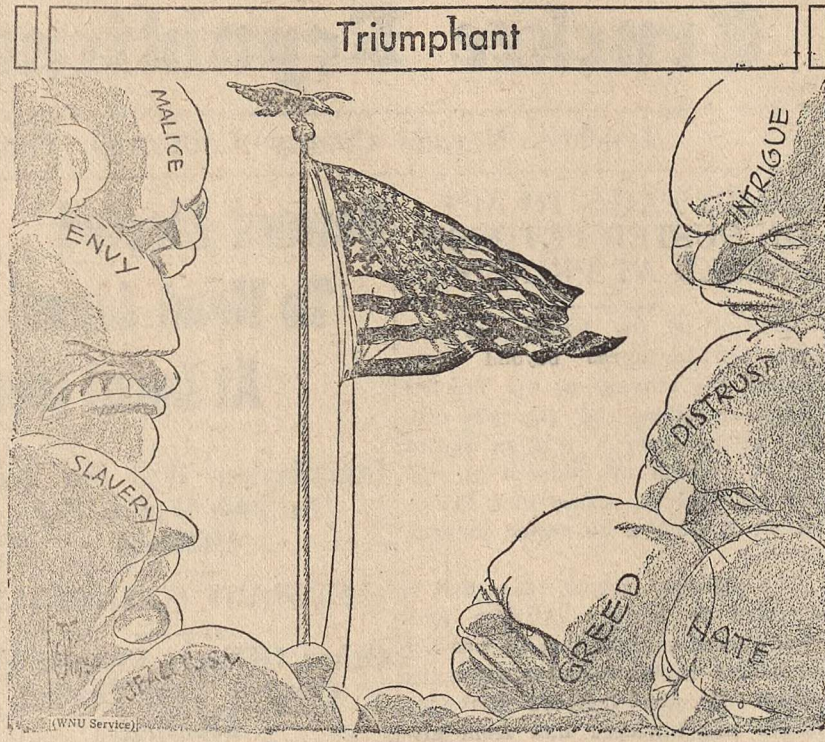

Central and northern California had 30 per cent more visitors by rail, 25 per cent more auto tourists and 12 per cent more visitors arriving by bus during the first quarter of 1941 than during the same period a year ago.

California and New York led the states in use of gasoline last year, with 1,800,000,000 gallons each.

### DAD HAS HIS DAY

He has his day, too, but you can depend on it that you won't hear a word about it from him.

What with all these "special days" blanketing the calendar from the last shrill toot of a New Year's morning celebrant to the first rousing horn blast on New Year's Eve twelve month's later, it is only right and proper that there should be one day set aside for him, too.

Who are we talking about? You know him as well as we do. He's the man who pays the family's bills the first of every month, who trims the lawn while everyone else is out frolicking, who gets burnt toast for breakfast that daughter won't touch, that rides in his own car—when no one else is using it, who repairs the leaky faucets and serves as all-around handy man because son is too busy.

Naturally, he's not the man to sulk if you forget that Sunday, June 15, is Father's Day. But we have a hunch he'd be mighty pleased if you gave him some token of remembrance.

### REAPPORTIONMENT

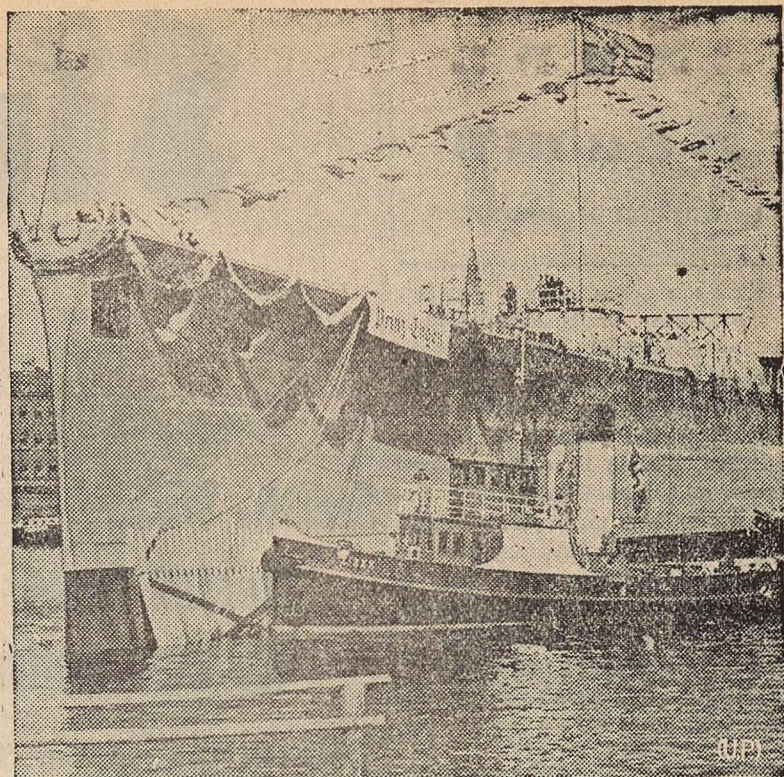

San Francisco is grateful to the rural-dominated State Senate for restoring to it one of the two Assembly seats which the Assembly would have shorn from the city in the reapportionment fight.

As it is, the bay metropolis henceforth will have only eight instead of nine seats. Considering San Francisco and Alameda counties together as a metropolitan area, the bay community will have only 14 instead of 16 seats. Los Angeles gains both seats.

In this connection, San Francisco can sympathize with Kern county which expected to gain an additional Assembly seat under the Assembly's conception of reapportionment. Kern county can take some consolation from the fact that it lost only a prospective seat while San Francisco lost an actual seat.

The situation has an additional compensation. The rural areas now may look expectantly to San Francisco for support in opposing recurrent moves for abolition of the Federal system of legislative apportionment. Only by this system are the rural areas guaranteed a voice in legislative affairs, through control in the state senate.

"If you confer a benefit, never remember it; if you receive one, never forget it." —Chilton.

In one of the few pictures to reach the U. S., Nazi cruiser Prince Eugen is shown at launching in Kiel, Germany, in 1938. British Navy now hunts it with grim vengeance because Prince Eugen escaped after accompanying battleship Bismarck during sinking of the Hood, world's largest warship.

## WINGS FOR AMERICA

by Don Wiley  
MEMBER, AVIATION WRITERS ASSN

The spectacular running fight that sent two of the world's greatest battle ships—HMS Hood and the Nazi's Bismarck—to the bottom of the Atlantic, emphasizes more strongly than ever the extreme importance of aircraft in naval warfare.

Significant, too, is the fact that airplanes produced in California played vital roles in the sea fight.

In fact, the curtain was rung up on this bloody drama by a Hudson of the Royal Air Force coastal command which sighted the Bismarck and its escort cruiser creeping out of a Norwegian fjord. The Hudson was one of the fleet of hundreds of hardy reconnaissance bombers produced for the British at the Lockheed factory at Burbank.

Aircraft Locates Bismarck  
And the last act began when a flying boat finally located the Bismarck off the coast of France and flashed the word that spelled doom for the big raider. The flying boats was one of the famous San Diego-built Consolidating PB's (the British call them Catalinas) which have helped our own navy to establish the world's finest naval air force.

Small wonder U. S. sailors call these twin-engine patrol bombers the "eyes of the fleet". Their tremendous range of more than 4000 miles permits them to "quarter the seas" (as the British described their hunt for the Bismarck) and to deliver a heavy bomb blow as the need and the opportunity arise.

Also playing major roles in the death of the Bismarck were torpedo planes of the RAF's fleet air arm. Dispatches from London have been vague as to whether the torpedo attacks against the Bismarck were delivered by Fairey Swordfish or the Fairey Albacore. Probably both participated, for the new Albacores have

been delivered to the fleet air arm in large numbers recently, while the Swordfish have been "standard equipment" since 1937.

Both the Swordfish and the Albacore are intended primarily for carrier operations and have fixed landing wheels, though the Albacore can be equipped with pontoons. The ships are monoplanes and carry three-man crews. The Swordfish has a top speed of 154 miles per hour, weighs 7720 pounds fully loaded and has a 45-foot six-inch wing span. Nearly 50 mph faster than its older brother, the Albacore has a 50-foot wing span and is distinguished from the Swordfish by unstaggered wings, a more modern engine cowling and a completely enclosed cockpit.

Can Airplanes Sink Battleships?  
Still unanswered by recent sea battle is that old and highly controversial question: Can aircraft actually sink a first-line battleship?

There has been ample proof of the destruction airplanes can wreak on destroyers, aircraft carriers, even cruisers. But the giant, heavily-armored Bismarck had to be finished off by surface craft.

There can be no doubt, though, on one point. The Bismarck might well have escaped from the Hood's avengers if aircraft hadn't located the fleeing raider and then delivered blows which slowed the battleship to a point where the Royal Navy could overtake it.

## Tahoe Region News Briefs

The Tahoe Tavern's summer stables and corrals have opened during the past week, and every day now cowboys on pintos and youngsters on shetland ponies make that section of the forest bright with life and color. Mr. and Mrs. Cliff Watson, recently from Arizona, are in charge of the stables this summer.

Another favorite among horsemen here for many years past is Bob Scates who returned to the lake last week with his bride of two weeks, the former Janet Lyon. The pair have taken a cottage for the summer on Lake View Drive in Tahoe City. Scates is busy this week preparing stables and corrals on the Truckee River for his summer business at the site occupied last season by the Walker riding concessions.

Mrs. Dorothy Johanson is the proud owner this week of a Palamino riding horse which was presented to her by her husband Constable Harry Johanson. The handsome animal has been named "Skool" in harmony with the constable's own mount, "Viking", also a Palamino.

Jackson Gregory, well known western fiction writer left Tahoe this week for points unknown to gather more material for his new novel "Red Law". Gregory spent two weeks here recently visiting his sister-in-law, Mrs. George Hinkle, and family.

## Senator Seawell Praised By Party Chief for Work in State's Legislature

SACRAMENTO, June 12.—Senator Jerrold L. Seawell of Roseville was praised this week for his leadership in the legislature by Senator Thomas H. Kuchel, chairman of the Republican state central committee.

"To Senator Seawell and legislators of similar integrity and ability may be attributed virtually all of the worthwhile legislation that has been enacted during the session that is now ending," Senator Kuchel declared.

"Partisanship has not been emphasized during these days of national emergency, rather we have devoted ourselves in determined effort to accomplish that which will prepare California for the critical days that are ahead. In this, Republicans have been joined by brave, independent Democrats, who have placed state and nation ahead of party. Ours has not been a coalition of opposition, to the contrary it has been a united front to make our state strong."

"The result of our endeavors," Kuchel continued, "assures California citizens of sound, stable, prepared government. We have emphasized economy because we are cognizant of the huge tax burden to be imposed by the federal government but in so doing we have provided that which is needed to meet the emergency."

"No member of the Senat has been more devoted to his duty than Senator Seawell. He served on the elections, financial institutions, governmental efficiency, judiciary, fish and game and natural resources, as well as on the joint fact-finding committee on relief and employment. Besides this heavy committee work, he presented a series of bills dealing with involved problems. These measures have been in behalf of increased governmental efficiency, better transportation and the improved administration of relief and the state institutions."

"Senator Seawell was one of those who developed the policy of the Senate with regard to state finances. He aided in perfecting equitable re-apportionment and in the adoption of legislation to enable cities and counties to establish municipal improvement districts. Increased penalties for train-wrecking were provided in a bill sponsored by Senator Seawell."

## Playhouse, New Venture At Cal-Vada Set to Open On Friday, Thirteenth

The new establishment will be The Playhouse, located across the highway from Cal-Vada. Lodge on the Nevada side of the state line. ### Blue in Lake Tahoe

Microscopic plants are given the credit for the blue tints of Lakes Tahoe and Donner as well as many others, authoritative sources state.

The plants, which are free-floating and one called, multiply in the summer and tint the water in a process technically called "blooming", it is claimed.

## ACME BEER PREXY ATTESTS VALUE OF ADS IN NEWSPAPER

Does it pay to advertise in newspapers? "I'll say it does," says Karl F. Schuster, president of Acme Breweries, as he proudly related the results of their largest investment in newspaper advertising.

Acme Beer accounted for 25.54% of all California beer sold by California brewers during the month of April of this year, according to Mr. Schuster, marking an all-time high for this popular Western beer. This compares with Acme's figure of 22% of all California beer sold for the entire year of 1940 and comes on top of the biggest first four months in the history of Acme. Total sales of these four months were 5,132,910 gallons, representing a sales gain of 785,250 gallons....an increase of 18.33% over 1940, based on figures released by the State Board of Equalization. This sales gain is all the more noteworthy since during these four months the remainder of California brewing industry showed a sales decline of 2.2%. Acme beer has led the far-Western sales ever since Repeal and its advertising has been continuously handled by Brisacher, Davis and Staff.

Asked if the establishment of large army camps has had any effect on Acme sales, Schuster stated that large increases in areas containing army camps were partially offset by smaller than average increases in other districts.

"Our conclusion," said Schuster "is that men in the army are not drinking more beer, but that this consumption has shifted from the cities and towns where these men lived to camps where they are now in training."

## Tahoe Women's Club To Hold Election, "Open House" Next Thursday

by I. M. EDWARDS

An election of officers of the Tahoe Women's Club will be held Thursday, June 13, at the community center. The meeting will begin promptly at 2:00 p.m. and members are urged to be present on time. As this is one of the most important meetings of the year, all members who are interested in the organization and welfare of the club are asked to make a special effort to attend. At 3:30 p.m. the meeting will be open to visitors and prospective members, and anyone interested in attending will be welcomed at this time. The Tahoe Women's Club is desirous of increasing its membership and as there are many new comers in Tahoe who are not familiar with the aims and ideals of the club this will furnish them an opportunity to come and get acquainted. While old members are extending an invitation to all new neighbors to attend the "open house" on Thursday, a special invitation is not necessary for any new resident who wishes to attend. Tea will be served at 4:00 p.m.

## SUNDAY SCHOOL AT TAHOE GIVES FINE PROGRAM JUNE 8th

One of the finest programs to be presented by the Tahoe Sunday School was given on Children's Day, June 8, at Tahoe Community Center. Many parents and visitors were present and found the program instructive as well as interesting. There were 21 children present and all entered into the spirit of the program with enthusiasm. The hall was nicely decorated with spring flowers and wild flowers, the happy faces of the pupils adding to the effect.

"The Child in Our Midst" was the theme-title of the program and the following numbers were given: A poem of welcome by Dorene Quam; a motion song, "Jesus Loves the Little Children", sung by the primary department; recitations by Elaine Edwards, Tommy Smith, Linda Cramer, Ann Dorrner, Lucille Haugen and Janice Brodehl; a playlet entitled "Fishing on the Lord's Day", given by Billy Callender, Tommy Adams, Robert Stark and Robert Edwards; and another skit, "The Panorama of the States", given by Sally Cross, Betty Wheat, Betty Renner, Robert Edwards, Robert Stark, Tommy Adams and Mrs. Willis Hevel. A generous offering was received for the work of the American Sunday School Union.

Next Sunday, June 15, a special program will be given for Flag Day and at that time a beautiful Christian flag will be presented to the Sunday School as a gift from Mrs. Tejas Edwards, the superintendent. A fine teacher, Mrs. Walter Hancock, has been secured for an adult class in the Sunday school and it is hoped that more parents and older people will take advantage of this opportunity. Mrs. Clifford Anderson will teach the junior class for the next month. They have enjoyed having Mrs. C. O. Wheat as a teacher for the last month and wish to express their thanks through this medium.

## Bullets Fail So Tahoe Man Reverts to Rocks To Foil Lake Burglars

RENO, June 12.—Jake Hahn, operator of a cleaning establishment near Tanevaho Lodge at Lake Tahoe, foiled a burglary at the lodge and exchanged shots with the intruder.

Deputy Sheriff Ben Parks of Washoe county, who investigated, said Hahn turned on a light and apparently alarmed the burglar's accomplices as they sat in a parked automobile. The latter blew the horn and the burglar left the lodge.

Hahn, barefooted, pursued the prowler, fired one shot and then discovered his gun was empty. He resorted to throwing stones. The gang then began firing at him but Hahn kept pitching stones. The fleeing men fired several shots into the club, breaking several windows in the lodge and cleaning shop.

## Nevada Driver Jailed On Drunk Driving Charges

BIJOU, June 12.—Miles Bruce, 52, Gardnerville, Nev., was jailed Sunday on drunken driving charges after a collision in which an automobile driven by him struck a car driven by Jesse Cutler of Liberty, Pa., near Meyers, Lake Tahoe. No one was injured.

## LAKE CITIZENS AND STATE HIWAY DEPT. CLASH OVER PRICE

TAHOE CITY, June 12.—Herman Jerroa of the state highway department met with representatives of the various civic organizations here in the community hall on Friday, June 6th. The purpose of the meeting was to discuss payment by the state for property recently appropriated from the Tahoe City commons. The property under discussion included a strip of land 1400 feet long which was incorporated into the state highway system last summer.

The state has offered \$350 for the property, which sum was considered insufficient payment by a majority of interested Tahoe City residents. The sum of \$500 was suggested and voted upon at the meeting as a fair figure, and the final decision in the matter is still pending. In case a substantial sum is awarded the Tahoe property owners, the money is to be used in general improvement of the town commons which at present are in a state of disrepair.

Attending the meeting were Supervisors Jack McFadden of Forest Hill and Charles Geisendorfer of Colfax and two representative members of each of the following organizations: Lake Tahoe Ski Club, The Women's Club of Tahoe, The Tahoe Community Center, The Lake Tahoe-Sierra Association and the local Red Cross chapter.

## Meeks Bay Woman Back From Lodge Convention In Southern Calif. City

TAHOE CITY, June 12.—Mrs. Pearl Heller of Meeks Bay returned to her lakeshore home this week after a 12-day trip of combined business and pleasure. Mrs. Heller was called to Long Beach on May 19 to attend the grand temple session of Pythian Sisters held in that city. She attended as representative of Summit Temple No. 79, Truckee, and was entertained throughout the four-day convention as a guest of the Hilton Hotel.

Three hundred and sixty-five Pythian Sisters and Knights of Pythias were guests at the pre-convention dinner on the evening of May 18. Mrs. Heller said 153 past chiefs of the order took the grand temple degree on the first day of the session.

After the close of the convention, Mrs. Heller visited for a few days with friends in Los Angeles and Altadena, where several social affairs were held in her honor. On one occasion the Tahoe matron was guest of honor at a dinner party given in the Riviera. On the return trip she enjoyed a stop-over in Sacramento where she visited with her daughter and family.

Fred Kohler of the Ellis Estate near Tahoe City was representative of Summit Lodge No. 54, K. of P., at the Long Beach sessions.

## Champion Nevada Rider

Eddie Garavanta of Wadsworth, champion Nevada bucking horse rider in 1939 and 1940, is shown riding a high one. Garavanta will again seek the state title at the Reno rodeo July 4, 5 and 6. The Nevada bucking horse event is limited to Nevada cowboys with \$400 prize money offered in the three day event. Cowboys who competed last year at Reno included Hub Thormen of Reno, Bud McPherson of Carson City, Don Nash of Sparks, Smoky Smith of Winnemucca, Jim Richards of Sparks, Leonard Elder of Reno, Buck Resor of Elko, George McGinnis of Reno, Eddie Ferris of Pyramid, Clifford Alsaker of Reno, Art Jones of Wadsworth, Bill Owen of Las Vegas and John Free of Reno. Jones won second money in 1940, McPherson third and Owen fourth.

### My Place In The Sun

by DOUG BARRETT

The class of 1941 of Meadow Lake Union High School certainly capped off an exceptional career with a wing dinger of a dance. While credit is due all four members of the class, special credit should go to Class Prexy Keith Weeden who got a first-class orchestra here and showed that it could be made to pay—even, ever so little. Keith put in a lot of hard work not only on that dance but on his entire school career. The school had not had such a leader since Bob Bowers went out into the world in '38. He has taken an active civic interest in his community. But he was the leader of an exceptional bunch of kids. Their elders told them the orchestra was too high for the support they'd get. These four didn't hesitate. They had the faith that builds futures. Faith in themselves and faith in their fellows. Save your "Good Lucks", neighbors, those kids won't need them!

Truckee is certainly coming in for a seige of service station fixing. First Shell puts up a brand new

and just as that is getting open—"whing!"—they rip up Orlan "Smiling" Sanders' Associated station with an eye to a big \$10,000 structure. The Richfield Company is doing over their station on Main Street West. Standard's station is gradually undergoing a transition in paint and Jim Garibaldi's Union station has recently been considerably improved by a classy paint job. Now a few more a classy paint job. Now if a few more folks—and corporations—would just take up the torch, we'd have a vastly improved community here to my way of viewing it.

Our bang-up school election is a matter for history now. My heartist best wishes go forth to the victors. Mrs. Dan Smith, who was returned to the grammar school board, is serving another of multiple terms. While a few may disagree with her on matters of policy, none can doubt her sincerity and ability to successfully hold down her position. Bill Wilkie, Jr., is new to school administration but if his future is to be predicted by his past record, then he will make a fine trustee.
